

LB 200

Tronic G

Counter Top Batch Freezer to accommodate a range of production needs for Gelato, Sorbet, Premium Custard & low overrun Frozen Desserts.

Performance Full size freezing chamber Makes up to 5 quart batches. Adjustable electronic consistency control ensures product consistency at different loads. Can accommodate both small and large production needs. Self-adjusting scraper blades create creamy Gelato texture.

Convenience Runs on single phase power to fit into almost any setting. Countertop machine can fit into most locations. Electronic touch pad provides operational information. Easy to handle machine automatically provides appropriate consistency regardless of the ingredients used in each flavor.

Savings Add freshly made Gelato or Premium Ice Cream to the product offering and gain independence on choice of flavors and cost. Self-adjusting scraper can be replaced without needing a new beater. Air-cooled version is available.

Hygiene Door design aids complete extraction, resulting in minimal product residue and flavor overlap.

*Carpi Care kit: request it from your dealer to always keep your machine hygienically perfect.
